ask to allow me to take part in the **“MINSK INTERNATIONAL”** Open International Tournament in Kyokushin Karate for boys, girls, young males and females, juniors and seniors in kumite and kata on May 17, 2020

I acknowledge that kyokushin karate is a full contact martial art, and that injuries or other adverse effects are possible. I am familiar with the tournament rules and am informed of the necessity of health insurance.

Should I be injured at the tournament or have injury-related adverse effects, including such due to use of technique allowed or prohibited by tournament rules, and/or while being in the building where the tournament or preparation for it is held, I would not have any claims against chief judge, judge committee, tournament organizers, coach panel and owner of the buildings where the tournament is held.
