CITY of SIBIU

The city of Sibiu has its own international airport which is 5 km from training and accommodation area . It has flight connections with Germany, Austria, Italy, Switzerland, Belgium, Spain, Denmark and London (<http://www.sibuiairport.ro/>). Our city is located in the center of the country. Another international airport nearby is in the city of Cluj-Napoca (170 km from Sibiu) and covers flights for most European countries. Two other major airports in Romania (Bucharest and Timisoara) are located 300 km from Sibiu.

Sibiu (Hermannstadt in German) was the largest and wealthiest of the seven walled citadels* built in the 12th century by German settlers known as Transylvanian Saxons. The riches amassed by its guilds paid for the construction of both impressive buildings and the fortifications required to protect them. Sibiu is a pedestrian-friendly city with two easily accessible levels: the Upper town, home to most of Sibiu's historic sights, and the Lower town, lined with colorful houses on cobblestone streets and bounded by imposing city walls and defense towers overlooking the Cibin river. Today, Sibiu is one of Romania's cultural and tourist capitals, attracting tourists due to its wonderful medieval charm, excellent views of the surrounding landscapes, great food, and stunning parkland. The city of Sibiu was the European Capital of Culture in 2007 and has been reconstructed benefiting greatly from the funds made available. The people in Sibiu are friendly and much of the city center is pedestrian area. **As the city of Sibiu is a common destination for tourist, we recommend early hotel bookings.**
